

Revenue Key Points

as presented at 4/12 BOE workshop

- Tax levy decrease of over 8.48% in 2021-2022 resulting in a reduction of school taxes paid by the community. This decrease will lower the tax rate in Granville from \$16.26 per thousand dollar of assessed valuation to approximately \$14.70.
- Increase in instructional and support services for students.
- Providing additional supports for students to address Pandemic related learning loss.
- Creation of an additional capital reserve to address future building projects.
- Budgeted for anticipated collective bargaining contract settlements.
- Funding one time purchases including new student instructional furniture and equipment and bleachers.
- Funding \$500,000 paving project to improve safety at the bus garage.
